

## Make a difference, be involved, join an AAGK Committee!

**Education:** The Education Committee has a focus on providing educational programs to all members of the AAGK. The committee decides on programs, topics, and speakers to present to the Membership. The committee is also responsible for creating original course material to be presented to the membership.

**Programs Committee:** This committee will have oversight from the Education Committee. Assist with developing the meeting topics and obtaining speakers for the General Membership Meetings, Maint. Council, Resident Mangers Association, and Affordable Housing Managers Association meetings.

**Legislative:** The Legislative Committee works with our state and national associations to keep abreast of issues related to our industry. The committee will work to educate AAGK members of legislation impacting the multi-family industry and action alerts asking members to contact their legislators regarding pending legislation.

**Membership:** The Membership Committee is responsible for building membership and encouraging membership retention by forming and maintaining relationships with members, in addition to promoting members using members. Membership committee members are also responsible for recruiting new members. To be a part of this committee you should be a supportive member of the AAGK, interested in people, be dependable, caring, encouraging and a good listener, be willing to commit the time and effort necessary to be effective in establishing and maintaining member relationships.

**Technology:** Are you one of *those* people who hold a special interest or talent with computers, the web, or social media, then this committee is for you! The AAGK is looking for a small group of people to assist with keeping the association up to date in the ever changing technology arena!

**Special Events:** The Special Events Committee places focus on planning and promoting the AAGK's Special Events: Monte Carlo, Trade Show, Maintenance Mania, and the Golf Tournament.
